

Gardening

Urban Gardening 101

Monday, June 26 from 2:30 - 3:30 p.m. in the Saxe Room at the Main Library

Join staff of the Regional Environmental Council (REC) who'll be presenting on the basics of starting your own garden. You'll learn about the many urban gardens and farming projects happening in the city. There will be room for discussion and questions after the presentation.

The REC is a grassroots environmental justice organization located in Worcester, Massachusetts - New England's second largest city. Founded in 1971, REC has been dedicated to building healthy, sustainable and just communities in Worcester and beyond for more than 40 years.

Vegetable Gardening

Monday, July 3 from 10 - 11 a.m. in the Saxe Room at the Main Library

Vegetable gardening is something everyone can enjoy, from the novice to the experienced gardener. It can be a way to bring fresh food to your table, teach children where food comes from, or even a way to beautify your yard! We'll look at different types of vegetable gardens and discuss layout, variety choices, and growing techniques.

Gretel Anspach is a Lifetime Master Gardener, and education coordinator for the Massachusetts Master Gardener Association.

Free and open to the public.

Build a Better World is sponsored by the Worcester Public Library, the Massachusetts Library System, the Boston Bruins, and the Massachusetts Board of Library Commissioners.
