

Lego and Construction Free Play

**Every Saturday in September, October & November
9:30 - 11 a.m.**

Main Library - Children's Program Room

Develop literacy and critical thinking skills with a hands-on activity with Legos and construction pieces during FREE PLAY. A building theme and teamwork is encouraged by librarians each Saturday for kids to experiment with. Parents may join in. Supports STEM (Science, Technology, Engineering, Mathematics). All materials are provided by the Library. For ages 12 and under.
